

# Understanding our vision for Discipleship Training@FBCUC

## loving up

At FBCUC, we provide discipleship studies in the following areas that help you grow in your knowledge and love of the Lord:

**Spiritual Formations:** These studies will help new and growing believers understand and begin implementing spiritual disciplines into their daily lives.

**Faith Foundations:** Our actions are a direct result of our beliefs. Therefore, to be on mission with God, it's essential to model biblical principles, especially in a society that accepts a wide range of worldviews. These studies will focus on the major doctrines of the Christian faith.

**Bible Study:** These studies will help adults explore the truths of Scripture and lead them to apply those truths to a life of faith.

**Life Issues:** Life seldom happens in neat, tidy ways. It tends to come at you with unexpected twists and turns, laced with adventure and adversity. These studies will help adults be equipped to navigate life with Christian maturity.

**Stewardship:** These studies will focus on biblical teachings that pertain to personal financial management.

## loving in

At FBCUC, we provide discipleship studies in the following areas that help you connect your heart to God and others:

**Marriage Enrichment:** These studies will help individuals and couples to establish, encourage, and equip them to have healthy marriages.

**Parenting:** These studies will help families grow in the knowledge of God's word and equip parents to pass their faith to their children.

**Men:** These studies will provide opportunities for men to develop deeper connection with God and other men which creates a powerful ripple effect that touches families, workplaces, and the church.

**Women:** These studies will guide women to connect with God and with other ladies and encourage them to grow spiritually in Christ.

**Support and Recovery:** Many adults are held captive by depression, grief, past hurts, present pain, or destructive addictions that leave them confused about God and the words of God found in the Bible. These groups will provide a path toward healing a broken heart held captive, setting it free, and restoring it to be the masterpiece God first designed it to be.

## loving out

At FBCUC, we provide discipleship studies in the following areas that help you learn to serve others and share the gospel:

**Evangelism:** These studies will provide proven witnessing approaches to sharing the gospel more natural and relational. It is our hope to prepare Christians for a lifetime of evangelism.

**Leadership Training:** These studies will provide training for adults who have a desire to lead programs, events, or ministries in our church.

**Missions Training:** These studies will provide opportunities for adults to be trained for outreach projects, mission trips, and other ventures sponsored by our church.

**Ministry Discovery:** These studies will encourage participants to discover and work out their God appointed gifts to serve in and through the body of Christ.

**Ministry Training:** These studies will provide opportunities for adults to be trained to serve in programs, events, or ministries in our church.
